VOLUNTEERS ARE RETURNING.

New York, Feb. 18.—A cable to the Sun from Manila says: The 20th Volunteer Infantry, Colonel Gardner commanding, sailed for San Francisco yesterday. When this regiment arrived here from the United States there were forty-eight officers and 1290 men. Of this number twenty-six officers and 751 men sailed for home on the transport. Twenty officers and sixty-eight men remain here. The regiment had ten killed, and thirty-seven are absent on sick leave. The balance were discharged or died of wounds or illness.

CARNegie TO BUILD SHIPS.

New York, Feb. 18.—The Press says: Another of Andrew Carnegie's dreams is nearing realization. That is the establishment here of the greatest ship-building yards in the world right alongside the largest iron and steel plant ever projected. Staten Island is the place named for these industries, and some recent purchases of several hundred acres of shore land are said to have been made with the object finally in view.

Miss Haskins who leaves by the "Sierra," begs to announce to her friends and patrons, that her return to the Islands will depend upon her mother's condition on whose account she is going to the Coast.

If possible she will return at an early date to resume her work in the photographic field. She takes this occasion to thank all who have shown such kindly appreciation of her efforts while here, and hopes in event of her return to merit a continuance of same.

Should any of her patrons require duplicates from any of negatives, Mr. Melvin who has charge of the Photo department of King Bros. Gallery will attend to them.
